JIM PARKER

Co-founder of NM Family
Business Alliance

"Navigating the

White Waters of Family Owned Business"

Introduced by Linda Parker

JAMES M. PARKER, a founder of NMFBA, is a Shareholder at Modrall Sperling law firm in Albuquerque. Jim concentrates his practice in federal taxation, estate planning and health care law. A large part of his practice relates to representation of small businesses and professional practice groups and the design of qualified and non-qualified retirement plans. Jim is also Vice President-Membership and Director of Small Business Council of America, (www.sbca.net) and Director of Samaritan Counseling Center; pro bono work for a number of non-profit organizations

The **New Mexico Family Business Alliance** was formed in 2005 to provide family businesses statewide with an opportunity to examine pivotal issues and provide state of the art knowledge about family-run businesses.

Education symposiums and interactive programs offer family members unique opportunities to benefit from the collective wisdom of successful business owners and professionals in an atmosphere that encourages open discussion and exchange of ideas. NMFBA programs are designed to address the unique concerns of Family business owners and managers.

Family businesses from sole proprietorships to large companies dominate the New Mexico economy. Many lack the resources needed to resolve issues of leadership, succession, conflict resolution and complex legal and financial challenges.

New Mexico Family Business Alliance provides education and resources to support our community of New Mexico family enterprises. Email us at contact@nmfamilybusinessalliance.org for more information.

“Almost Time” District 5520 Princess Mexican Riviera Cruise Tickets & Cabins

We are a less than a month away from when all cruise ticket stubs for the 2009 District 5520 Princess Riviera Cruise need to be delivered to District Executive Director Loren Kuehne and the proceeds from the ticket sales sent to The Rotary Foundation Annual Fund along with a list of those members that sold tickets. The deadline for Loren to receive the stubs is April 24th for the May 10th District Convention drawing for the free inside cabin for two. At that time, **the Rotarian selling the winning ticket will also win an inside cabin for two.** Please give your ticket stubs and money to the person in your club handling the cruise project. I hope all District clubs can say, “We are a 100% club,” because I know you can meet the challenge. If you have not sold all of your tickets, please do so. Let's make the third annual cruise fund raiser as successful as the last two. If you do not want to sell the tickets, then write a check to the Foundation for \$100 and put your name on the stubs; you will be \$100 closer to a Paul Harris Fellowship.

The Princess Cruise project is a tool used by District clubs members to raise money for The Rotary Foundation Annual Fund all of which is returned to the District at the end of three years. The funds are then used for simplified grants, matching grants, GSE teams, scholarships and many other activities at both the local club level and around the world. You, the individual club members are the key to the success of the cruise program; only through your efforts can we continue to reach new heights in District 5520 contributions to the Annual Fund, which benefits all of our clubs.

The second part of the project relates to cabins given away on the Sapphire Princess. We must help the District book cabins on the ship; it is an important part of making the fund raiser a success. Because of the current economic climate, the price of the cruise at this time is a real bargain. Imagine cruising on the luxurious Sapphire Princes for a week of fun, great food, wonderful entertainment, visiting three exciting Mexican ports and a lot of relaxation. Think about leaving from Los Angeles and visiting the beautiful ports of Puerto Vallarta, Mazatlan and Cabo San Lucas, Mexico; sailing in the warm sun-drenched blue waters of the Pacific and Sea of Cortez. The wonderful dining, shipboard activities and beautiful cabin are available now for the incredible low prices listed below as of March 30, 2009, but **these lower prices are not guaranteed unless you book while they are at this level, they could change and increase back to the original prices as we get closer to the sailing date.** Reserve a cabin, bring family and friends, you won't be sorry.
